## PROJECTS

### Grievance Management System | [pidgr.in](http://pidgr.in)

- In this project, we oversee all complaints received by the Directorate of Institutional Finance (DIF). We manage and address public complaints through the government. Our focus includes resolving complaints related to fraudulent companies.

### Online Tax Management System | [nppbudaun.in](http://nppbudaun.in)

- In this project, we manage various types of taxes, including house tax and water tax, on behalf of the government. The Online Tax Management System facilitates the administration of house tax, water tax, shop rent, and bill calculations within the Municipality. It also enables secure payment processing through payment gateways.

### Online CoachingSystem | [coachupias.com](http://coachupias.com)

- In this project, we manage student attendance and activities, providing access to notes and various types of question papers related to government exams.

## INTERESTS

- Passion for Solving Problems
- Commitment to Government Service
- Commitment to Quality
- Continuous Learner
- Expertise in Secure Coding
- Collaborative Team Player
