WORK EXPERIENCE

SRS Live Technologies Private Limited – Software Developer

2022 – 2025

- Contributed to over 3 live projects as a web developer using React JS.
- Integrated various APIs(Aadhar API, Payment Link API, QR Code API, Transactions inquiry API, OTP API, JWT, etc.) into applications to enhance functionality.
- Designed and developed numerous dashboards and forms for internal use & clients.
- Assisted merchant developers in integrating company payment gateways into platforms in 5+ languages(React JS, Next JS, Vue JS, .Net, PHP, WordPress, OpenCart).
- Built two e-commerce websites using WordPress (Elementor Pro & BetterDocs)
- Saved time and resources by identifying and fixing bugs before product deployment.
- Updated old code bases to modern development standards, improving functionality.
- Optimized application performance by conducting regular code reviews and refactoring when necessary.
- Collaborated with cross-functional teams to deliver quality products on tight deadlines.
- Contributed to a positive team environment through effective communication, problem-solving, and collaboration skills.
