Summary

Software Developer with 2+ years of experience in building and deploying web applications using PHP (Laravel), HTML, CSS, JavaScript, and MySQL. Skilled in developing RESTful APIs, backend development, and integrating third-party services. Proficient in database management, performance optimization, and delivering secure, maintainable solutions. Passionate about learning emerging technologies and solving complex challenges collaboratively in fast-paced environments.

Experience

SRM TECHSOL PVT LTD

Software Engineer

JAN 2023 – Present

Lucknow, Uttar Pradesh

- Developed dynamic web applications using PHP (Laravel framework), jQuery, AJAX, and JavaScript, significantly enhancing user experience and performance.
- Developed RESTful APIs with Laravel and MongoDB for smooth data exchange and integration.
- Integrated third-party APIs, optimized performance with caching and query tuning, and collaborated with UX/UI teams to deliver responsive interfaces.

Technical Skills

Web Development: HTML5, CSS3, Bootstrap, PHP (Laravel, CodeIgniter), JavaScript, Node.js, React.js.

Database Management: MySQL, MongoDB.

Scripting and Libraries: jQuery, AJAX.

Operating Systems: Windows 10, Windows 11.

IDEs Editors: Visual Studio Code, Sublime Text, Notepad++.

Version Control Tools: Git, GitHub, Jira, Postman.

Projects

RocketParrot | PHP, Laravel, MySQL, jQuery, AJAX

Project Link: <https://rocketparrot.com/>

- Developed a multilingual news platform with role-based access control and distinct permissions for users.
- Implemented categories, commenting, and language support to improve content management and user interaction.

CA Tax | PHP, Laravel, MySQL, JavaScript, jQuery, AJAX

Project Link: <https://impot.comptabiliteimpotrapide.ca/>

- Developed a tax management system with admin controls for setting questions, assigning employees, and overseeing tasks.
- Enabled user registration, profile completion, document upload, and tax calculations with payment integration.

4meHealth | PHP, Laravel, MySQL, jQuery, AJAX

Project Link: <https://healthforme.srmtechsol.com/>

- Developed a healthcare platform for managing patients, practitioners, and appointments.
- Integrated real-time notifications, availability settings for practitioners, and appointment booking for patients.

Charity.Africa | PHP, Laravel, MongoDB

Project Link: <https://charity.africa/>

- Built a donation platform with secure wallet systems, token-based giving, and cross-border donations.
- Developed and provided APIs to the mobile team for seamless integration with mobile apps.

Education

Dr. A.P.J. Abdul Kalam Technical University, Lucknow

B.Tech (Computer Science and Engineering)

2019-2023

CGPA: 8.3
