PROFILE SUMMARY

I'm a passionate web developer who enjoys turning ideas into functional, user-friendly websites. Over the past few years, I've worked with technologies like WordPress, HTML, CSS, JavaScript, React, Bootstrap, Tailwind CSS, and PHP. I'm also comfortable using Git and GitHub for version control, and I often use Figma and Canva for design work. I love clean design, smooth user experiences, and writing code that actually makes people's lives easier. I'm always learning, always curious, and always excited to collaborate and build something impactful.
