📍 A-102 Janadhar Mangla, GIFT City, Gandhinagar – 382355, Gujarat

PROFESSIONAL SUMMARY

Software Engineer with 2 years of experience in the Fintech domain, specializing in backend development using Java, Spring Boot, and Oracle. Skilled in building scalable and high-performance systems for banking platforms. Experienced in REST API integration, SQL optimization, and delivering secure, compliance-driven backend solutions.

TECHNICAL SKILLS

Languages - Java, Python, SQL

Frameworks - Springboot , Rest APIs

Tools - Jenkins, Docker, Git, Postman

Web Technologies - HTML, CSS, JavaScript

Database - MySQL, Oracle, Postgres

Concepts - OOPS, Microservices, Agile

PROFESSIONAL EXPERIENCE

In Solutions global Ltd. | Jun 2023-Present | Gift City Gandhinagar

Tech Stack: Java, Spring Boot, Oracle, REST APIs, Git, Jenkins, Docker, Postman

- Developed backend logic and reports for transaction in Interchange module for banks like JP Morgan and YES Bank.
- Upgraded Maven dependencies and ensured precision in processing high-volume financial data.
- Deployed UAT builds and executed unit testing to ensure seamless integration
- Supported transaction-level settlement and resolved UAT issues in coordination with QA and DB teams.
- Optimized Oracle SQL queries, reducing mismatch rates by 30%.
- Developed backend workflows for onboarding, including validation, credential mapping, and MDR setup.
- Streamlined onboarding processes and cut down merchant activation time by 25% through improved workflow compliance.
- Monitored and optimized PG APIs handling 1M+ transactions/day.
- Resolved log-level API issues and improved query response times by 40%.
- Coordinated with QA team to resolve issues and ensure on-time delivery of stable builds.
- Contributed in daily Agile standups and sprint planning to align development goals with business requirements.
- Designed and maintained relational DB schemas to support transaction integrity and efficient data retrieval across modules.

EDUCATION

B.Tech. CS with Specialization in Data Science

Aug 2019 - June 2023

Maharishi University of Information Technology - Noida

Aggregate percentage - 79%

Certifications - Java Programming - UpGrad | Introduction to Machine Learning - UpGrad
