WORK EXPERIENCE

Category Manager | Urban Company | July 2024 – Present

Key Result Areas:

- Data-Driven Insights:** Leveraging Google Sheets, SQL, Uniware to analyze inventory trends and driving informed decisions across sales, procurement, and customer engagement.
- Process Reengineering:** Establishing standardized workflows for supply chain and customer experience operations, driving cost efficiencies and eliminating redundancies.
- Assortment Optimization:** Conducting product performance reviews, recommending strategic introductions and discontinuations to ensure a relevant and high-performing product mix.
- Inventory Planning:** Managing inventory levels, minimizing slow-moving stock, supporting demand forecasting, and enhancing stock efficiency.

Highlights:

- Operational Efficiency:** Spearheaded process optimization initiatives, redesigning workflows through cross-functional collaboration, enhancing customer engagement and operational execution efficiency by 80%.
- End-to-End Supply Chain Management:** Supervised sourcing and procurement of 100+ SKUs; developed strategic vendor relationships with 20+ suppliers, optimized logistics, and reduced stockouts by 30%, leading to a 15% increase in category profitability.
- Customer Experience & Retention:** Improved partner operations across service touchpoints, achieving over 95% service delivery rates, reducing drop-offs by 30%, and enhancing response accuracy by 25%.

MAJOR PROJECT

Business Insights through Power BI Dashboards | [View Project : Pizza Dashboard](#)

- Designed interactive dashboards to track key performance metrics such as total revenue, average order value, and product performance (top/bottom sellers by quantity and revenue).
- Enhanced sales analysis and strategic planning using data visualization tools.

Employee Attrition Analysis using Power BI Dashboards | [Employee Attrition Dashboard](#)

- Built an interactive Power BI dashboard to analyze employee attrition by age, job function, income bracket, and education level.
- Enabled data-driven HR decisions by visualizing key trends and identifying high-risk employee segments.

INTERNSHIPS

Human Resource Intern | Uddeshiya Delhi (NGO) | 2021 – 2022

- Enhanced employee lifecycle management for 50+ employees by applying analytical, data-driven strategies to improve onboarding, development, and productivity.
- Planned and executed engaging events, including weekly "Fun Fridays," fostering team cohesion and a positive work environment for 30+ team members.

Research & Marketing Intern | Stubborn Factory | 2021 – 2022

- Conducted comprehensive market research across 100+ colleges, 20 schools, and 30 organizations, providing actionable insights on market trends and competitor strategies.
- Led targeted lead generation campaigns, successfully converting 15+ qualified leads into active customers through tailored outreach efforts.

Equity Research Intern | Business Quant | 2021 – 2022

- Produced financial articles focusing on SWOT analysis and market trends to inform investor strategies.
- Conducted equity research and financial modeling, using technical and statistical analysis on historical and real-time data to assess investment risks and opportunities.
