SKILLS

Programming Language	Core JAVA, HTML, CSS, JAVASCRIPT, XML, SQLServer
Other Skills	OOPs, SDLC, API design and Integration
Tools	Visual Studio, MySQL, SVN, Github,
Frameworks	React.js, ASP.NET

EXPERIENCE

Associate Software Engineer Zinnia IT Consulting Pvt Ltd	April 2024 - Present
--	----------------------

- Implemented Multi-Factor Authentication (MFA) by creating an API to send OTPs to users' registered email addresses, significantly enhancing data security.
- Developed a responsive image upload bulletin board that streamlined content management and reduced manual work by 50%.
- Designed and launched a new working page that improved data fetching speed by 40%, enhancing overall user experience.
- Built and maintained dynamic, scalable websites using React.js and APIs, boosting operational workflows by 50%.
- Integrated third-party APIs and developed custom APIs to enable seamless data exchange, optimize backend communication, and extend application functionality.

Associate Program Analyst Ebix Software pvt. Ltd	Sept 2022 - March 2024
--	------------------------

- Improved project growth by 40% by optimizing data-fetching processes, reducing load times, and proactively eliminating production bugs.
- Developed and maintained efficient stored procedures in SQL Server to enhance database performance and accelerate data retrieval operations.
- Led the development and maintenance of ASP.NET Core applications, ensuring high functionality, system reliability, and scalability across releases.

PROJECTS

Expense Tracker (JAVA/SQL). This project tracks the monthly expenses that users spend on household products, allowing you to compute and compare your spending. Its user-interface (UI) designed page displays spending over the last 20 days in a tabular fashion and uses Java frameworks to add your spending with amount and date. Even more, users can create categories based on the products ([GITLAB](#))

Music Website (HTML/CSS/JS) An easy-to-use music website with a playlist and artist section, playback functionality, and an intuitive user interface (UI). It features an intuitive UI to make user choice simpler

EDUCATION

Bachelor of Technology Computer Science and Engineering ITS Engineering College (Greater Noida)	2019-23 8.5 SGPA
