

Kavya Bhatnagar

Gurugram, Haryana | +918191032524 | kavya.bhatnagar.01@gmail.com | <https://www.linkedin.com/in/kavya-bhatnagar>

Software Developer

Software developer with 2 years of experience in **JavaScript**, **React.js**, and **Django**. Expertise in **performance optimization**, **UI/UX design**, and **scalable solutions**. Skilled in **RESTful APIs**, **React-Redux**, **CI/CD**, and **Git**. Committed to driving **innovation** and **growth** in dynamic environments.

TECHNICAL SKILLS

Languages : C++, JavaScript, SQL, HTML/CSS, SAP ABAP

Frameworks : React.js, Django

Software & Tools : MySQL, Postman, SAP Logon, Visual Studio, PyCharm, CI/CD (Jenkins, GitHub Actions)

Libraries : Bootstrap, Material UI, Tailwind CSS, Zustand

Data Structures & Algorithms : Implementing advanced data structures and algorithms for efficient problem-solving

EXPERIENCE

Associate Software Engineers | Accenture | Gurugram

Jan 2023 - Present

- Led **troubleshooting** and **defect resolution** across diverse domains including **Marketing**, **Finance**, **Fiori**, and **Data-related issues**, ensuring seamless business operations.
- Developed and enhanced **ALV reports**, **Adobe Forms**, and **SAP Script** and **Smartforms**, leveraging **advanced SAP ABAP** skills to meet client requirements.
- Collaborated effectively with **testing teams** and **cutover teams** to manage defects and support smooth transitions during development, ensuring alignment and high-quality outcomes

GenC Intern | Cognizant Technical Solution | NOIDA

Jan 2022 - July 2022

- **Gained proficiency** in **JavaScript**, **HTML**, **CSS**, and **SQL**, significantly enhancing front-end development and database management skills.
- **Developed and executed** comprehensive **test cases**, honing expertise in **testing methodologies** and **quality assurance** practices.
- **Collaborated** on a team project to test and improve the **login functionality** of an **application**, ensuring robust performance and **user-centric design**, and demonstrating leadership in a team-oriented environment.

PROJECTS

FoodClub

React.js, Tailwind CSS, React-Redux, CI/CD, Git, Zustand

- **Developed** a high-performance food delivery platform using **React.js**, **Tailwind CSS**, and **React-Redux**, ensuring **optimized UI** and **scalable architecture**.
- **Implemented** advanced **performance features** including **lazy loading**, **code chunking**, and **custom hooks** for seamless user experience and fast load times.
- **Utilized Git** for version control, and deployed using **CI/CD pipelines** with **GitHub Actions**, ensuring continuous integration and robust deployment.
- **Applied Zustand** for efficient testing and state management, enhancing application reliability and maintaining high performance.

ShopVista

Django, HTML, Bootstrap, jQuery, SQLite, RESTful APIs, Gi

- **Developed** a dynamic e-commerce website using **Django**, **HTML**, **Bootstrap**, and **jQuery**, focusing on a **user-friendly interface** and **responsive design**.
- **Integrated SQLite** for efficient data management and **RESTful APIs** for smooth communication between frontend and backend.
- **Enabled** intuitive **product categorization** and streamlined features like **cart management**, **product detail views**, and a **seamless checkout process**.
- **Utilized Git** for version control, ensuring consistent updates and collaborative development.
