WORK EXPERIENCE

TravelBullz India Private Limited {Executive-Operations} Delhi

10th July 2024– Present

As part of the Operations Team in a fast-paced environment, the role involves managing and processing bookings through online software systems, including hotel accommodations and land-based services. The responsibilities include coordinating with ground suppliers to ensure timely and seamless delivery of services, while also handling communication with customers and B2B agents regarding booking amendments, add-ons, and on-ground requirements.

Key duties include:

- Processing hotel and land bookings using internal and online booking platforms.
- Coordinating with local ground suppliers to ensure timely and efficient service delivery.
- Managing customer requests and B2B agent interactions for amendments or additional services.
- Addressing and resolving on-ground escalations to maintain customer satisfaction.
- Overseeing cancellations, refunds, and post-sales service processes.
- Ensuring high standards of customer comfort and service quality throughout the travel experience.

Shreenath Financial {Process Manager} Delhi

June 2022– Dec 2023

The role involves processing loan applications through back-end systems, ensuring accurate data handling and timely application flow. This includes preparing reports and coordinating with internal teams to support business operations and growth objectives.

Onex Industries Private Limited {CRM}
Sonipat Haryana

Dec 2023– March 2024

This role focuses on managing and strengthening relationships with B2B clients, ensuring smooth coordination from order placement to service delivery. The position involves overseeing timely dispatch of services or products, monitoring production timelines, and supporting client interactions to drive business growth.

- Act as the primary point of contact for B2B clients, ensuring clear and efficient communication.
- Coordinate with internal teams to ensure production and order dispatch are completed on time.
- Schedule and conduct meetings with clients to understand their needs and explore business expansion opportunities.
- Assist clients during on-site visits, ensuring a professional and informative experience.
- Resolve any issues related to service delivery, working closely with operations and production teams.
