

SHISHPAL

FULL-STACK DEVELOPER AND DEVOPS ENGINEER

SHISHPAL4710@GMAIL.COM | [GITHUB](#) | [LINKEDIN](#) | 8851951492 | New Delhi, INDIA

PROFESSIONAL SUMMARY

Tech enthusiast with over 2+ years of experience as a Full-Stack Developer, specializing in **Next.js**, **React**, **Node.js**, and **DevOps**. Proficient in building scalable web applications, managing CI/CD pipelines, and optimizing cloud infrastructure. Passionate about solving real-world problems and continuously improving through modern tools and technologies.

WORK EXPERIENCE

DKC Export Private Limited

Frontend developer and DevOps Engineer: [\[Jan 2025 - present\]](#)

- Developed dynamic and responsive web applications using **React** and **Next.js**, improving user experience and performance through effective state management and optimization strategies.
- Designed and implemented** intuitive, user-friendly interfaces **while integrating third-party APIs** to enrich functionality and enable seamless communication with external systems.
- Streamlined CI/CD pipelines using **Jenkins** and **Docker**, automating build, test, and deployment workflows, which significantly reduced deployment time and improved production reliability.
- Collaborated** with the team, contributing to backend development and ensuring seamless **frontend-backend integration** for optimized user interactions and robust application performance.

MEDIA DYNEX

Full-stack developer and DevOps Engineer: [\[June 2023 – Nov-2024\]](#)

- Built responsive web apps using **Next.js** and **React**, focusing on optimized rendering, efficient state management, and user experience.
- Spearheaded DevOps initiatives by automating CI/CD pipelines using **Jenkins** and **Docker**, streamlining the build, test, and deployment cycle to improve reliability and deployment speed.
- Designed and maintained scalable infrastructure with **load balancing** and **containerized deployments**, ensuring high availability and fault tolerance under growing user loads.
- Contributed to backend development** using **Node.js**, ensuring seamless integration between frontend interfaces and backend services.

SKILLS

- Frontend:** **Next.js**, **React**, **Redux Toolkit** – building responsive UIs with optimized performance and state management.
- Backend:** **Node.js**, **Express.js** – developing scalable APIs with secure auth and third-party integrations.
- DevOps:** **Jenkins**, **Docker**, Kubernetes, **Nginx**, **PM2**, Terraform, **AWS** – automating deployments and managing infrastructure.
- AWS:** **EC2**, **S3**, **RDS**, **Lambda**, **CloudWatch**, **IAM**, **EKS**, **Fargate**, **Route 53**, **Amplify** – deploying secure, scalable cloud systems.
- Languages & Tools:** JavaScript, C++, Python, Bash, Boto3, Ubuntu, Windows, VS Code, Jira.
- Learning & Basics:** Basic knowledge of **Power BI**, **Machine Learning**, and **ETL processes**.

PROJECTS

Salon Project ([Live Project](#)) - Shahina Hoja Skincare

- Developed a web application with user **authentication**, a product catalog, and seamless checkout functionality.
- Created an **admin** panel for managing **appointments**, **products**, and **user data**.
- Implemented **state management** to enhance frontend performance and ensure smooth user experience.

Oasis Notes ([Live Project](#)) - Medical Assessment & Prescription Platform

- Developed a digital platform for **medical assessments**, enabling patients to request consultations with healthcare providers.
- Implemented secure **communication** features, allowing doctors to send prescriptions directly to patients.
- Enabled efficient management of **patient records** and digital prescription delivery for **streamlined healthcare** services.
- Built **authentication** and **authorization** systems for secure **patient-doctor** interactions.

ACHIEVEMENTS AND CERTIFICATION

- Solved 300+ Data Structures & Algorithms question on Leetcode [\[Link\]](#) and GeeksforGeeks [\[Link\]](#).
- AWS Cloud Practitioner Certification ([Link](#)).

EDUCATIONS

B.Tech in Computer Science, Bharati Vidyapeeth's College of Engineering,
CGPA:8.6

May 2023
New Delhi, India

Diploma in Mechanical Engineering, GB Pant Institute of Technology, Okhla
CGPA:7.0

May 2019
New Delhi, India
