SUMMARY

A dedicated and skilled Backend Developer, proficient in Java and Node.js, with a strong passion for building robust and secure server-side applications. Experienced in developing RESTful APIs using Spring Boot and Express.js, implementing JWT authentication, and managing databases with SQL and MongoDB. Solid foundation in backend architecture and eager to contribute to scalable and efficient systems. Collaborative team player committed to delivering reliable backend solutions.

SKILLS

Languages: java, C++, JavaScript

Web-Dev: HTML, CSS, Tailwindcss, React.js, Redux-Toolkit, Axios, Node.js, API, JSON, Spring Boot, Hibernate, RESTful Services

Database: SQL, PostgreSQL, MongoDB

Extra Skill: Docker, DSA

EXPERIENCE

- | | | |
|---|-----------------------------|----------------------------|
| 08/2024 - Present | Full Stack Developer | Velocitai Digitals Pvt Ltd |
| <ul style="list-style-type: none">• Developed and integrated RESTful APIs using Spring Boot for dynamic blog content, including full CRUD functionality.• Worked on the development of a User Management system with role-based access control, integrating secure authentication mechanisms using JWT.• Built a secure full-stack user management system with role-based access control using Node.js, Express, React.js, and Prisma.• Collaborated on curriculum enhancement with peers. | | |
| 02/2024-08/2024 | FrontEnd Developer | Swarup Polymer |
| <ul style="list-style-type: none">• Assisted in developing and maintaining the company's web applications.• Utilized HTML, CSS, JavaScript, and React.js to implement responsive web designs.• Assisted in debugging and resolving front-end issues to ensure smooth functionality.• with Redux Toolkit for state management and Axios for API integration. | | |

PROJECTS

INOX Movie Website

[Click to Open](#)

- Spearheaded the development of a full-stack movie booking application with a modern, responsive UI using React.js, JavaScript, and CSS.
- Designed and implemented a dynamic frontend with reusable components, efficient state management, and smooth user interactions.
- Developed backend RESTful APIs using Spring Boot and Hibernate to manage bookings, movie listings, and user data, with JDBC for database access.
- Seamlessly integrated backend APIs into the frontend, ensuring real-time functionality and user interactivity.

Swift Mart

[Click to Open](#)

- Built a fully functional e-commerce platform with secure JWT-based authentication and OTP verification for user sign-up and login flows.
- Designed and developed an admin dashboard to manage product categories, availability, and inventory using complete CRUD operations.
- Collaborated closely with a backend developer to integrate frontend functionalities with backend services.
- Integrated React Context API for efficient global state management, handling user sessions, cart functionality, and product data.
- Enabled users to browse, add to cart, and place orders, with role-based access control and a responsive, user-friendly interface.

EDUCATION

- | | | |
|-------------------|---|---|
| 08/2019 - 09/2023 | Bachelors of Technology in Bio-Chemical Engineering
CGPA 7.71 | Guru Gobind Singh Indraprastha University |
| 04/2018 - 04/2019 | Senior Secondary
73% | Apex Public School (CBSE) |
| 04/2016 - 04/2017 | Secondary
CGPA 8.2 | Apex Public School (CBSE) |
