Mahatma Gandhi Kashi Vidyapeeth

M.C.A - 78%

2021 - 2023

B.C.A - 77.41%

2018 - 2021

Imperial Public School

Class 12th - 64.8%

2018

Class 10th - 87.4%

2016

PROJECTS

Email Website

- Developed a dummy email web application using HTML, CSS, JavaScript, jQuery, PHP, and MySQL, allowing users to compose, send, and view emails with categorized sections like Inbox, Sent, Drafts, Trash, and Important.
- Implemented labeling features for better email organization and optimized the user interface for seamless navigation, ensuring an interactive and structured experience.

Myntra-Clone

- Developed a Myntra Clone using React.js implementing Add to Cart functionality with a detailed product summary.
- Designed category-based navigation (Men, Women, Kids, Home) and optimized the UI for responsive design and seamless browsing, enhancing the shopping experience.

Tasteful-finds App

- Built a dynamic and responsive recipe search web app ("Tasteful-finds") using React.js, integrating public APIs to fetch and display real-time recipe data based on user input and selected categories.
- Implemented efficient state management and reusable components in React to enable seamless search, filtering by category, and recipe detail viewing with a smooth user experience.

SKILLS

- HTML, CSS, JavaScript, jQuery, Bootstrap, React.js
- PHP, MySQL
- Java, C
- Git, GitHub
- Agile, Problem-Solving, Debugging, Code Optimization

CERTIFICATE

TCS Youth Employment Program

Certified in React Js from Udemy
