Senior IT Professional | SaaS Solutions & Client Success Leader

I am a seasoned IT professional with over 20 years of global experience in delivering **SaaS solutions, HRMS implementations, and client success initiatives** across **Southeast Asia, UAE, US, and Hong Kong**. I've successfully led enterprise IT projects, managed end-to-end product deployments, and driven digital transformation across diverse industries.

My international experience includes **media sales and client engagement in the UAE**, executing **telesales campaigns for the US market**, and delivering **customized SaaS demos to clients in Hong Kong and Southeast Asia**. I've also played a key role in **coordinating large-scale B2B and CSR projects**, ensuring smooth execution from planning to delivery. I thrive on blending strategic insight with hands-on execution to build long-term client relationships and deliver measurable business outcomes.
