PROFESSIONAL SUMMARY

Corporate travel operations leader with over a decade of experience delivering enterprise-grade travel solutions in highly governed environments. Proven ability to manage end-to-end travel program execution across India and APAC, with a sharp focus on policy compliance, risk control, stakeholder satisfaction, and vendor performance governance. Adept in balancing cost-efficiency with traveler experience, ensuring consistent delivery of VIP, executive, and urgent travel services in line with business objectives.

Deep expertise in GDS and corporate travel technology, global service standards, and cross-functional collaboration with Finance, Procurement, and Product. Skilled in developing SOPs, implementing SLAs/KPIs, and maintaining audit-ready documentation to support governance and business continuity. Well-positioned to take ownership of in-house corporate travel programs, drive transformation, and foster seamless partnerships between internal users and external vendors.

CORE COMPETENCIES

- Corporate Travel Program Oversight
 - Policy Compliance & Risk Mitigation
 - Strategic Stakeholder Management (SVIP/Executive Level)
 - Governance Frameworks (SLA/KPI)
 - Vendor Evaluation & Performance Monitoring
 - Business Continuity & Disruption Response
 - Travel Technology Strategy (GDS, OBTs)
 - Operational Efficiency & Process Improvement
 - Travel Spend Optimization & Reporting
 - Internal Audit Readiness & Controls
 - Team Leadership in Managed Service Environments
-

PROFESSIONAL EXPERIENCE

Head of Operations – India

ISON Travel – New Delhi / Remote

2018 – Present

Serving as the regional operations head, delivering travel program execution for enterprise clients, with a specific focus on internal stakeholder engagement, technology integration, policy governance, and vendor control.

- Acted as primary interface for corporate clients, including senior leadership and executive teams, to ensure personalized, policy-compliant travel services.
- Oversaw multi-country travel service delivery for enterprise clients, managing end-to-end operations across India, US, UK, Europe, Middle East and APAC.
- Implemented and enforced travel policy frameworks, monitored booking compliance, and initiated corrective actions on deviations.
- Led regular reviews and vendor performance audits, ensuring alignment with SLAs, KPIs, and compliance mandates.
- Supported GST reconciliation processes and collaborated with Finance to ensure accurate spend tracking, PO control, and cost visibility.
- Partnered with internal stakeholders to deliver risk-managed, cost-efficient, and traveler-centric solutions, including for urgent and high-touch travel needs.
- Delivered real-time disruption and crisis management capabilities, with 24/7 escalation protocols for executive and emergency travel.
- Guided continuous improvement through feedback loops and process re-engineering, improving issue resolution times by 30%.

Key Achievements

- Supported 5x enterprise client travel volume growth with uninterrupted service quality.
- Managed governance for executive travel programs with discretion, accuracy, and confidentiality.
- Enabled successful rollouts of travel policy automation and booking workflows via online tools.
- Played a strategic role in the launch and management of Business Support Services tailored to internal client needs.

American Express Global Business Travel Senior Travel Consultant – Corporate Services

2015 – 2016

- Delivered high-touch travel consultancy to corporate travelers, including top-tier management.
- Ensured adherence to client travel policy, acted as liaison between clients and suppliers.
- Supported urgent travel and duty-of-care responses, working within compliance boundaries.

British Airways Contact Centre
Executive – Emergency & Marine Travel Desk

2014 – 2015

- Facilitated urgent global travel coordination, supporting time-critical movements for marine and corporate clients.
- Coordinated with vendors to maintain travel integrity during disruptions.

Crystal Travel, Serco Global Services, Interglobe Technologies
Ticketing Executive / Process Associate

2011 – 2014

- Gained hands-on exposure to GDS systems, reservation management, and backend ticketing workflows supporting global travel operations.
